

The Unitarian Universalist Association's President's Council

Members of the President's Council have four main roles:

1. A focus group (providing the Association with key insights and feedback regarding the needs of our congregations).
2. A donor (providing financial resources to support projects and initiatives that better our faith community).
3. A fundraiser (inspiring others in your network and community to financially support special projects).
4. An advocate (raising awareness regarding the work of the UUA within your own congregation).
