

PEOPLES CLIMATE MARCH NYC 9/20-21

This is an invitation to change everything.

In September, world leaders are coming to New York City for a historic UN summit on climate change. With our future on the line and the whole world watching, we'll take a stand to bend the course of history.

Together, we'll take to the streets to demand a world with an economy that works for people and the planet. A world with jobs, clean air, and healthy communities for all. A world safe from the ravages of climate change.

To change everything, we need everyone on board.
September 20-21 in New York City. **Join us.**
