

Rev. Oscar Sinclair

Hi, I'm the Reverend Oscar Sinclair. I serve the Unitarian Church of Lincoln. Our music director, Dr. Bob Fuson has spent the last several years working through the music leadership certification program. And it's been a significant benefit, both to our congregation and to my own service and ministry here. We talk a lot in Unitarian Universalism about shared ministry, but this is actually a place where I see it most clearly, Bob's work with the certification program has prompted conversations among our staff team and our worship teams about worship, appropriation, music and theology, how his role in the church relates to pastoral care and much, much more. Our monthly Thursday night worship services when we're together in person, our true partnership, combining music with spoken word, to create something wholly different from Sunday morning and deeply, deeply nourishing for the folks that are there. This is, I'm told, no time to go it alone. And so I am grateful both to Bob, and the music leadership program for being partners in this work.
