Support for the Mission and Values of the Association

The Unitarian Universalist Association is a progressive and historic religious denomination. While it is not generally required or expected that an applicant/employee identify as a Unitarian Universalist (UU) or be a member of a UU congregation in order to work at the UUA, all UUA staff members are expected to perform their job duties in accordance with the UUA's values, principles and mission. In particular the following points, drawn from the Seven UU Principles, are of particular importance for the UUA's work environment and staff culture:

- The inherent worth and dignity of every human being: We affirm the need for a human-centered workplace that allows our diverse staff to flourish. We also understand that our wider culture and society oppresses and denies human dignity, and we seek to counter the effects of that oppression in our hiring and workplace culture so that each person feels whole and valued.
- Justice, equity and compassion in human relations, and the goal of world community with peace, liberty and justice for all: We speak openly and publicly of our support for social and political issues, including LGBTQ equity, racial justice, climate justice, gender equity, and reproductive justice.
- The interdependent web of existence: We recognize that the liberation of all people is interwoven, and we work to counter patriarchy, white supremacy, colonialism, homophobia, transphobia, ableism, environmental exploitation, and other interrelated systems of marginalization.

As part of this commitment, the UUA will ensure that applicants and staff with disabilities are provided reasonable accommodations to participate in the job application or interview process, to perform essential job functions, and/or to receive other benefits and privileges of employment.
