

To: The UUA Board of Trustees

From: The Religious Education Credentialing Committee

Date: April 20, 2024

May this attached resolution to the Bylaws serve to expand the size of the Religious Education Credentialing Committee, a committee appointed by the Board of Trustees. These recommended changes will transform the Religious Education Credentialing Committee to expand the work of reaching more religious professionals, nurturing more candidates through successful credentialing journeys, and to support the deeply needed work tended to by credentialed leaders within our congregations. The change we're requested will increase the size of the Committee from seven to eleven members including membership determined by the committee, and may include members holding varied religious credentials such as, a minister with faith formation in their portfolio, and a lay member with educational teaching experience. We have determined that these skillsets are necessary to include those not currently at the table, distribute the increased capacity of supporting more candidates, and to live into our ambitious, transformative, five-year strategic goals adopted in 2023.

We would also hope that the work of the UUA Nominating Committee, in sourcing members for the Religious Education Credentialing Committee, would consider these various identities and factors in achieving the fullest expansiveness in our representation as possible: race, neurodivergence, varying socioeconomic statuses, gender identity and sexual orientation, disability, and family structure, as well as diversity of church size and geographical location. (We are grateful to our work with Mmapeu Consulting for guidance on this and other related matters.)

We hope this requested resolution is accepted.

With sincere thanks for your consideration,

The Religious Education Credentialing Committee
