Stop health problems before they start.

Find a primary care provider you can count on.

When you have a primary care provider (PCP), it's easy to get the well visits and preventive screenings that are vital to your health.

Getting routine care also means that if a health issue arises, you already have a PCP who knows you and your unique health needs. Your PCP can:

- Diagnose and help you manage conditions like diabetes, high blood pressure, and anxiety.
- Catch health issues early when they're easier to treat.
- Help you find a specialist when you need one.

Don't miss out on a relationship that leads to better health.

Because Life.™

Find a PCP today.

To get started, download the My Highmark app or visit MyHighmark.com.
Register or log in using your existing Highmark username and password.
Then click on Get Care and then Provider Search.

For even more support, your plan comes with a dedicated care team that can help you:

- Find a PCP.
- Connect you to resources to manage chronic conditions.
- Help you understand your benefits.

Give your team a call at the number on the back your member ID card for help.

Start a relationship with a primary care provider today.

It's easy to find a PCP by visiting **MyHighmark.com** or downloading the **My Highmark app**. Many of our in-network providers offer both in-person and virtual visits. Once you've selected a PCP and call to schedule, you can find out if virtual visits are an option.
