

# UUA Geo Index Listing 2025-2026

## Cost of Wages and Cost of Living Explanations

### Cost of Wages

In keeping with compensation philosophy and best practices, UUA Salary Recommendations are based on the **cost of wages**. We adjust recommendations based on national data to reflect prevailing wage rates in communities where UU congregations are located. Wage data from the Economic Resource Institute (ERI) is used to assign a Geo Index to each congregation.

Starting in 2024, the Geo Indices have been expanded, adding a new Geo Index 8. Across the range, Geo Index 3 represents congregations in communities where the average wage paid falls close to the U.S. Average. If your Geo Index has changed from last year, you may want to consider a 2-year plan to move into the new range.

The Geo Index reflects the relative **cost of wages** in a given community.

Geo Index 1: Average wages below 91 percent of the US average

Geo Index 2: Average wages between 91 and 96.9 percent of US average

Geo Index 3: Average wages between 97 and 102.9 percent of US average

Geo Index 4: Average wages between 103 and 108.9 percent of US average

Geo Index 5: Average wages between 109 and 114.9 percent of US average

Geo Index 6: Average wages between 115 and 120.9 percent of US average

Geo Index 7: Average wages between 121 and 125.9 percent of US average

Geo Index 8: Average wages equal to 126 percent or more of US average

### Cost of Living

The **cost of living** shows how expensive it is to live in a certain location, based on the prices of goods (including housing) and services relative to the U.S. Average. We do not explicitly incorporate the cost of living into our recommendations.

Congregations in high cost of living areas should be prepared to increase salaries and/or moving expenses to ensure the competitiveness of their position openings and affordability for their staff, especially for those relocating from lower-cost areas. Professionals seeking to relocate should be aware of the cost of living and housing in their potential new location. In this Geo Index Listing, we have included each location's cost of living as a percent above or below the US average, as reported by the Economic Research Institute. There is no mathematical adjustment to be made; it is simply additional information for congregations and employees.
