- Our current immigration system keeps families apart, both through a huge backlog in family-based immigration, and through the unjust detention and deportation of immigrant mothers, fathers, brothers and sisters. We call for comprehensive family-based immigration reform.
- Florida is the last state to have a complete ban on gay adoption, and a state ballot initiative drive to outlaw same sex marriage will be coming up in the November elections. In fact, the amendment will ban all recognition and benefits for unmarried couples, straight and gay. It will block civil unions, domestic partnership and repeal existing protections and family benefits relied upon by millions of Floridians. *Vote No on 2!*

*Bring your family and come have a picnic while we hear testimonials and learn about what we can do working together for family values that value ALL families!*

*Come witness and stand on the side of love!*

*There will be music, food vendors, nearby restaurants, and kid-friendly activities.*
