

# **Ministerial Culture, UU Growth and Impact of Credentialing Process**

**Doug Gallagher and Christine Robinson**

## **First Steps**

- Top to bottom look at competencies (create a feedback circle + communication loop about MFC experiences)
- Ask- is this process the most effective way to assess readiness for ministry?
- Ask- are we being classist in our expectations?
- Watch for class, economic and educational presumptions
- Link “Where are we?” and theological conversations and spiritual practice, leadership and depth
- Be attentive to inclusion of music and the arts- aesthetics.
