He reported on the plans to support ministers and seminarians of color, Latina/o and Hispanic persons in or entering our ministry. The first four congregations to participate have been selected and their ministers have enthusiastically agreed to participate; Sinkford said that he would be hosting a gathering for leaders from those four congregations in Portland, at General Assembly, so that a mentoring/support system can develop among them.

A PowerPoint presentation on the results of the UUA’s advertising tests has been distributed to trustees, with extra copies available as needed through Harlan Limpert.

Sinkford noted that he had been considering how to best use his final two years as UUA president and had identified eight primary goals and a series of “deliverables” under each goal.

Committee of the Board – Appointed

Charge adopted: **April, 2007**

The Accessibilities Committee is a committee of the UUA Board that provides information helpful to the Board in a continued assessment and evaluation of how current policies (or lack thereof) impact the ability of our congregations to meet the need of people living with disabilities. Meeting the needs of people living with disabilities in this context includes:

- The removal of barriers to participation or involvement in congregational life, including, but not limited to, leadership, fellowship, social action, religious education and worship.
• Congregational advocacy on local and national levels in regard to issues concerning the lives of people living with disabilities.

• Association-wide commitment to increased accessibility of gatherings of Unitarian Universalists (i.e. General Assembly, District meetings, trainings, associate and affiliate organizations, etc.)

Charge: The Accessibilities Committee (AC) provides strategic planning, implementation, oversight, and support to our congregations, districts and the Association to fulfill our commitment to the removal of all barriers – attitudinal, physical, and programmatic – that prevent the full participation of persons with disabilities in the life of our Association.

1. Advise the Board and staff on the development of a strategic plan towards implementation of the recommendations of the Accessibilities Task Force, ensuring that information and resources reflect current understanding and efforts of disability communities.

2. Monitor and assess progress in implementing the recommendations and report on this progress annually to the Board of Trustees at its April meeting.

3. Advocate regarding disability issues in the UUA, and help create a climate of support, care and affirmation for people with disabilities.
