PRESIDENT'S REPORT

President Sinkford mentioned the recent “Compassion Forum” broadcast recently and resulting in thoughtful conversation with political candidates on the intersection of religion and public life. He noted that Meg Riley, Director of our Advocacy and Witness Staff Group, chairs the board of “Faith in Public Life,” the organization that sponsored the event. He has, Sinkford said, been preaching about the need for Unitarian Universalism to move in from the margins and assume our rightful place in the center of the discourse in the public square.

He said that this summer he will be attending a gathering of 100 world religious leaders just prior to the G-8 Summit in Japan. The hope of this gathering is to craft a statement of
religious imperative to be delivered to the gathering of political leaders from the eight largest industrial nations. In the fall, he will lead a small delegation to Africa. The goals of the trip are to visit emerging UU groups in Kenya and Nigeria, meet with Bishop Desmond Tutu to learn more about the Truth and Reconciliation Process, visit social service and social justice partners of our congregations and UUSC, and a visit to Goree in West Africa, the prison where, Sinkford said, some of his ancestors were held before they were forced onto the slave ships owned, no doubt, by some of his other ancestors.

He noted the filling of the Emerson Chair at Harvard Divinity School by Dan McKanan, a Transcendentalist scholar. Sinkford concluded by discussing the shift in language among many Unitarian Universalists toward language of vision, mission, and ministry.

MULTICULTURAL AND INSTITUTIONAL CHANGE COMPETENCIES

Paula Cole-Jones met with the board for discussion of the work on multicultural change competencies she had done with Board members in January.

DISCUSSION OF UUA HEALTH PLAN

Kathy Burek, Chair of the UUA Health Plan Trust, reported on the Health Plan, saying that the new plan had performed well in its first year. It began with 587 employees enrolled in 2007 and is projected to reach 700 by July 1. At the end of 2007 there was a $944,000 surplus, $500,000 better than projected. Benefits have been enhanced and the average cost increase for 2008 was 4%. She noted that the enrollment targets were facilitated by enrolling UUA Boston staff and that expanding enrollment depends on congregations that need to understand the moral obligations in fair compensation and may need help in budget planning for the cost of insurance. An independent evaluation of the plan will be conducted by the spring of 2009.

MFC REPORT

Jackie Shanti, Board member on the Ministerial Fellowship Committee, reported on proposed MFC Rule changes corresponding to changes proposed on the agenda of the 2008 General Assembly.

M (Shanti), S, and

VOTED: To approve the following changes to the Rules of the Ministerial Fellowship Committee:

Section 11.9. Procedure on Appeal. An appeal to the Board of Review shall may be heard by a panel of the Board selected as provided in its rules. The Board of Review or panel hearing an appeal shall not try the case de novo but shall only

limit its
review to an examination of the Ministerial Fellowship Committee’s decision, and the information presented to the Committee, including the documents and other evidence compiled during the Fellowship Review, and the reasons articulated by the Ministerial Fellowship Committee for its decision terminating the minister’s fellowship. The Board of Review may review the record made before the Ministerial Fellowship Committee, except that the Board of Review by rules may permit the introduction of newly discovered evidence. If the minister requests consideration of newly discovered evidence, not previously presented to the Ministerial Fellowship Committee, then the matter shall be returned to the Ministerial Fellowship Committee for consideration of that evidence before the Board proceeds with the appeal. These Bylaws and the rules of the Ministerial Fellowship Committee shall be binding upon the Board of Review or its panel. The Ministerial Fellowship Committee’s determination of fact and/or credibility will not be overturned unless no reasonable fact finder could have reached such determination, and disputes of fact are to be resolved in favor of the Ministerial Fellowship Committee’s Review Team’s determination. The panel shall uphold the decision of the Ministerial Fellowship Committee if it can be sustained by a reasonable view of the record. The Board of Review or its panel may set aside the decision of the Fellowship Committee only where necessary to correct or prevent manifest injustice. The Board of Review or its panel may remand the case in whole or in part to the Committee or take such other action as may be just. The decision of the panel, which shall be the decision of the Board, Board of Review or its panel shall set forth its finding and conclusions and shall be served upon the affected minister and the Ministerial Fellowship Committee. The decision shall be entered in the fellowship records and shall be final and binding upon all parties. No appeal shall be allowed from the decision of the Board of Review. The Board of Review shall make rules to carry out the intent of this section.

EXECUTIVE SESSION

The Board voted to go into Executive Session to discuss personnel matters, the Distinguished Service Award, and Committee on Committee appointments. When it returned to regular session it was agreed that the latter two matters would be entered into the regular minutes of the Board.

DISTINGUISHED SERVICE AWARD
M (Comstock), S, and

VOTED: To give the 2008 Award for Distinguished Service to the Cause of Unitarian Universalism to the Rev. Dr. Forrest Church.

REPORT OF THE COMMITTEE ON COMMITTEES

M (Solomon), S, and

VOTED: Commitment to Anti-Racism, Anti-Oppressions, & Multiculturalism

One of the most important tools we have in our tool kit is the strength and clarity of our commitment to become an anti-racist, anti-oppressive, multicultural faith community. We are building on years of work, with gratitude to those who have brought us thus far on our way.

The UUA Board of Trustees calls on UUA committees to accept accountability and demonstrate a commitment to transformation and transparency. Board policy states that members of UUA committees must be able to demonstrate functional competency in anti-racism, anti-oppression, and multiculturalism. In addition, each committee is charged with developing standards and goals for embodying the commitment to anti-racism, anti-oppression and multiculturalism in its work. Toward that end, the Board expects that all committees will engage in anti-racism and anti-oppression consultation.

The administration allocates resources to support this expectation, so that the leadership of the Association can be assisted in acquiring skills and capacity in AR/AO/MC competencies. Committee chairs and staff liaisons are required to make arrangements with Congregational Services for committee consultation. It is acceptable if the committee wishes to make its own arrangements for consultation with an appropriate independent group. A committee that has not yet received appropriate consultation is expected to meet this requirement within one calendar year, and at least every four years thereafter; the Board regards this as a minimum standard.

In addition, Congregational Services is charged to work through committee staff liaisons to make committee members aware of opportunities to gain competence. New members of elected committees should expect to attend the yearly AR/AO training
following General Assembly at no charge. UUA programs such as JUUST CHANGE, Jubilee Workshop, or Building the World We Dream About also are offered regularly through congregations, districts and regions.

In order to monitor compliance with this important initiative, the Committee on Committees will require a bi-annual update from each committee regarding trainings and consultations held or planned during the past two years, participation by committee members in other training opportunities, and protocols that have been established that provide the use of an AR/AO/MC lens in committee work.

M (Solomon), S, and

VOTED: To approve the following committee appointments:
