Financial Advisor’s Report

June 26, 2004

“Those of us who serve volunteer organizations, even if we have fiscal awareness, cannot reach to the heart of finances. The treasurer usually represents management. What we need is a person who strives mightily (not always successfully) to give us an independent and critical view – the best assurance available that we are being responsible….The Financial Advisor must take that role as central.”

Rev. Dr. Peter S. Raible 1929-2004
