Every Child is Our Child

The Unitarian Universalist United Nations Office's Every Child is Our Child (ECOC) program is a close partnership with the Queen Mothers Association of the Manye Krobo district in Eastern Ghana. The ECOC program provides school supplies and healthcare cards to children made vulnerable by HIV/AIDS in the Manye Krobo district.

Through this partnership we support over 100 children's schooling expenses, with hopes to increase the number in the coming years. While Ghana does not officially have school fees, there are items that students require in order to attend, such as uniforms, shoes, supplies, exam fees, and school bags, making access to schooling cost-prohibitive to families: ECOC Program provides these items for students, which enables them to attend school.

We also provide health insurance for all the children in the ECOC program as well as for all members of their care-giving families.

HOW YOU CAN HELP

There is no social welfare system and no safety net for these kids. By supporting their healthcare and education you are also serving to reduce the risk of HIV/AIDS infection in this region and helping a child realize his/her incredible potential.

For just \$150 a year, or \$12.50 a month, a child will be able to attend school and receive health insurance for them and their family.

You can also choose to sponsor a child for 10 years of schooling for \$1,500 which would allow them to complete their primary education. Any donation to the program is greatly appreciated as it cannot be run without your help! (All contributions are tax deductible)
