What’s religious about sexuality education?

Liberal religious sexuality education gives children, youth, and adults a safe forum in which to make meaning of their lives. Participants learn to feel positive about themselves and their sexuality while they clarify their values, apply their values to their experiences, and gain knowledge about their bodies, feelings, and behaviors.

When you offer an Our Whole Lives program, you help transform a cultural climate of fear and confusion about sexuality into a new reality in which every person’s inherent worth and dignity is valued.

Each Our Whole Lives curriculum has a companion activity and resources guide, Sexuality and Our Faith, which supports you to center sexuality education in a religious context. Participants are guided to grow in spiritual depth, prophetic vision and action for justice, and values congruent with Unitarian Universalist Principles.

Our Whole Lives assumptions

- All persons are sexual.
- Sexuality is a good part of the human experience.
- Human beings are sexual from the time they are born until they die.
- It can be natural to express sexual feelings in a variety of ways.
- People engage in healthy sexual behavior for a variety of reasons, including to express caring and love, to experience intimacy and connection with another, to share pleasure, to bring new life into the world, and to experience fun and relaxation.
- Sexuality in our society is damaged by violence, exploitation, alienation, dishonesty, abuse of power, and the treatment of persons as objects.
- It is healthier for young adolescents to postpone sexual intercourse.
