## Stay in Place, Stay Alive, ORGANIZE: A Call for Moral Non-Cooperation

Trump and other extremists are again calling to “reopen the country.” Over the past week, many states have begun to ease restrictions on stay in place orders. These plans to reopen the economy show no regard for human life and are prioritizing the greed and profit of the few over the health of the majority. We cannot be silent as poor and marginalized people are disproportionately hurt by these policies.

This moment calls for all people of conscience to come together to call for moral noncooperation, to stay in place, stay alive and **organize, organize, organize!**

We need each of you to get involved in the **50 Days of Action** leading up to the [Mass Poor People's Assembly and Moral March on Washington Digital Justice Gathering](#) on June 20, 2020.

### Participate in the National Phone Bank

It is more important than ever to get deeply connected with members of the Poor People's Campaign. Folks are having an amazing time talking with people all over the country about June 20th, the critical moment we are in as a nation, and our demands as a campaign. We know that the coronavirus is awakening many to the political and economic crises that have long been buried under the surface: before COVID-19, nearly 700 people died everyday because of poverty and inequality in this country. A moral fusion movement is necessary to not just weather this storm, but to transform the nation!

***Forward together, not one step back!***
