

AMPLIFYING

Unitarian
Universalism

A guide to the services and resources available to member congregations of the Unitarian Universalist Association

*This booklet and the resources contained in it are made possible by congregations' contributions to the **Annual Program Fund (APF)**—the Association's largest source of income.*

Your support of the UUA not only amplifies the power of your own congregation, it also strengthens and grows your neighboring UU congregations and communities across the country and internationally. Collectively we accomplish more than any of us could do alone.

When congregations fully fund their annual APF requests, our covenantal promise to each other is realized and our movement can flourish.

Together we amplify the best of Unitarian Universalism.

Dear Friends,

The Unitarian Universalist Association (UUA) is the expression of the covenant of mutual care and support that each of our congregations makes to one another.

I am honored to serve as your UUA President and bear witness to all the ways that your generosity makes it possible for the UUA to respond to our congregations in times of need and times of celebration.

I am so grateful for all the ways that you and your congregation live out our shared UU values and answer the call of love in your community. Together, our congregations are making a difference in ways that nurtures leaders for the ministry needed in our world today, and that brings our values of love and justice to the larger world.

We at the UUA seek to do the same as partners in nurturing vital, inclusive congregations and ministries. The Association's core mission is to equip congregations for health and vitality, train and credential leaders for our faith movement, as well as bring the power of our collective faith to advance our values at the national and international level.

This **Amplify Catalogue** offers a list of the many ways your UUA serves congregations and UU communities across our Association.

I hope you find it to be a helpful tool in accessing the many resources available to leaders and congregations; for our goal is to be a partner with you and strengthen the good work you are doing.

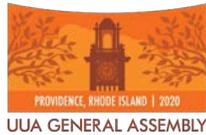

May your congregation be filled with good spirit and a sense of deep purpose, and may you feel connected to your sibling congregations across the Association. I hold your congregation and its leadership in my heart with appreciation and love.

Yours in gratitude,

Rev. Susan Frederick-Gray
President

AMPLIFYING BELONGING

How does the UUA amplify the joy and meaning that comes from belonging to a Unitarian Universalist congregation? We help you make connections with a larger movement of people learning, struggling, and growing as we minister to one another and the world.

We bring Unitarian Universalists together, helping each of us forge connections and feel the power of the progressive religious community. Our annual **General Assembly** brings our faith to life in the hearts and minds of thousands of UUs each year. UUA.org/ga

AMPLIFYING CONGREGATIONS

Equipping congregations for healthy and vital ministry

The UUA seeks to provide every congregation with the resources they need to be the vital, spiritually grounded and life-changing community they are called to be. Through our five regions, we connect your congregation to the wider UUA. UUA regional staff partner with congregational leaders through all the joys and challenges we face in these complicated times. You may not know how many times we've been in the background supporting your president, staff, or minister.

Here's what we do:

Coach

We offer regional trainings, nonprofit management and development, program and innovation support, and adaptive leadership coaching, as well as support during transitions.

Companion

We extend presence and support for congregational milestones; offer tools to build good boundaries, trust, and health; and provide specialized support in the wake of trauma.

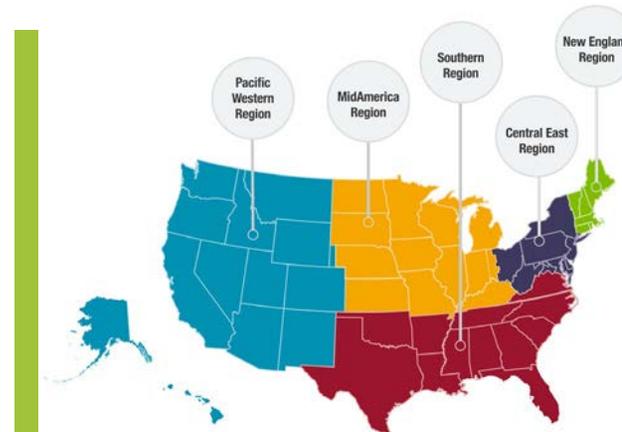

Connect

We convene online and in-person gatherings for learning, collaboration, networking, and worship and build relationships between people of shared callings and identities.

Challenge

We assist congregations in justice-making, provide resources for dismantling systems and structures of oppression inside and outside our communities, as well as large-scale opportunities for justice action and witness.

UU TESTIMONIAL

“You have helped me, our leadership and our congregation to value ourselves in ALL that we are.”

Congregational giving through the Annual Program Fund is the UUA’s primary source of funding. That, plus gifts from individuals, makes it possible for the UUA to equip congregations for health and vitality and advance UU values in the world.
